**CELEBRATING THE HERITAGE OF WOMEN IN WALES**

This year will mark the 80<sup>th</sup> anniversary of women in the UK securing the right to vote at the age of 21 (prior to 1928 only women aged 30 and over had secured the right to vote).

The event is being organised in recognition of International Women's Day and will consider how women's lives have changed in the past 80 years, the achievements to be celebrated and the goals not yet realised.

Guest speakers will share their individual experiences of their respective fields and will include women from politics, the trade union movement, the business community and academia.

The event will be followed by a buffet lunch.

It is sponsored by the Welsh Assembly Government and organised by Women's Voice, the Wales TUC and Chwarae Teg.
